

Workshop on site in Oncology Centre Warsaw
(Narodowy Instytut Onkologii im. Marii Skłodowskiej-Curie, Warszawa ul. Roentgena 5)

| From | to | 26.09.2023 | 27.09.2023 (access to scanner with isotopes) |
|-------|-------|-----------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------|
| | | Topic | Topic |
| 09:00 | 09:30 | Cross calibration & NEMA IQ phantom filling can be done in a seminar room / lecture hall Practical filling without isotopes | Dose issues in PET/CT |
| 09:30 | 10:00 | | Artifacts Quiz |
| 10:00 | 10:30 | | |
| 10:30 | 11:00 | | |
| 11:00 | 11:30 | lunch | lunch |
| 11:30 | 12:00 | | |
| 12:00 | 12:30 | Regular QC 1. Daily QC 2. Cross Calibration - filling the phantom - measurements - evaluation | Acceptance testing 1. Resolution - preparing a source - positioning / measurement |
| 12:30 | 13:30 | | 2. Sensitivity - filling the line source - measuring sensitivity |
| 13:30 | 14:00 | | |
| 14:00 | 14:30 | | |
| 14:30 | 15:00 | coffee break | coffee break |
| 15:00 | 15:30 | 3. NEMA IQ - filling the phantom - measurements - evaluation | 3. NEC - filling the line source - preparing the measurement |
| 15:30 | 16:00 | | (NO full measurement planed, just preparing the source with and start a measurement in case holders are available) |
| 16:00 | 16:30 | | |
| 16:30 | 17:00 | | Questions & Answers and Farewell |
